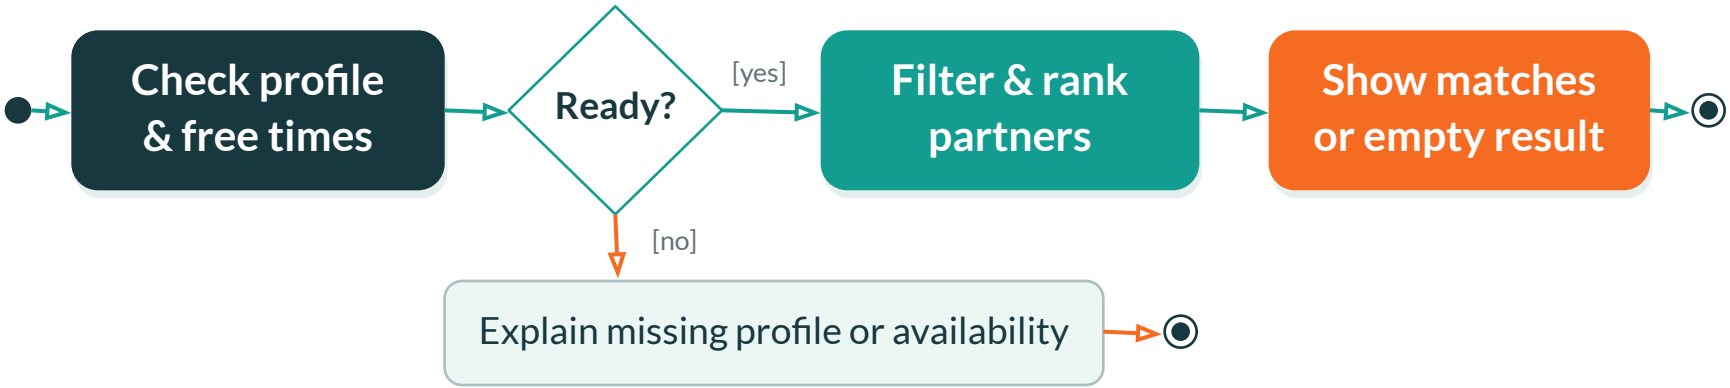
Finding a study partner

Filter eligible students, then rank the results.

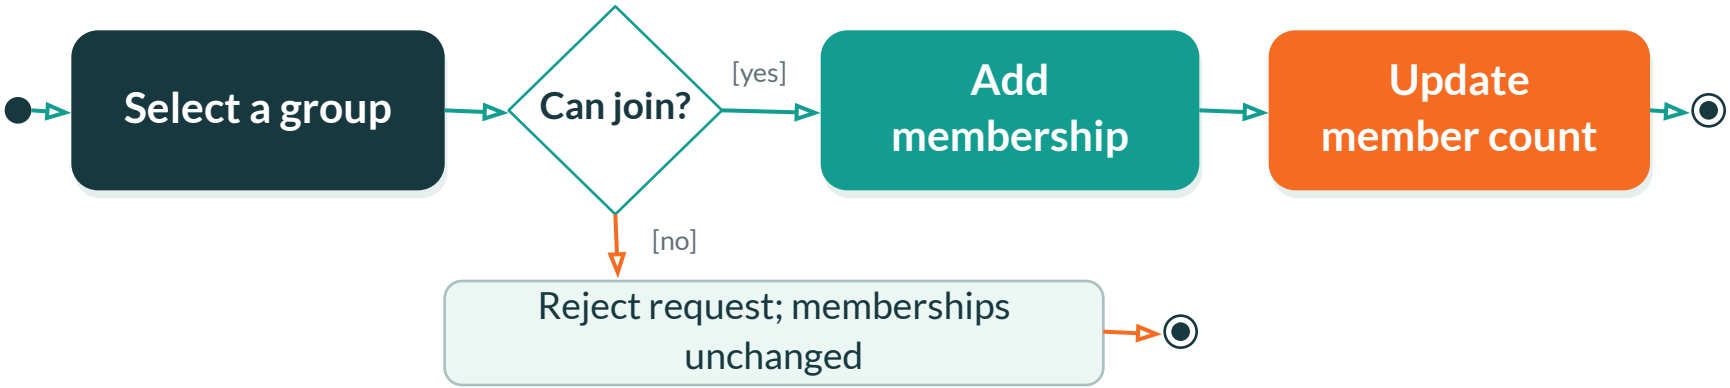


Shared subject + overlapping free time

US-06 | Active login required; self and suspended accounts excluded.

Joining a study group

A membership connects one student to one group.



Active group + non-member + available place

US-08 | Active login required. Capacity check and insertion are atomic.

Planning a study session

The organiser creates or edits an upcoming session.

Future start + later end + location or meeting link

US-12 / US-13 | Active organiser only; past/cancelled sessions cannot be edited.
